

The Glenview Park District and Glenview School District 34 have formed a new partnership that has resulted in the park district taking over the *Summer Enrichment Offerings*.

The staff at the Glenview Park District is thrilled to present this programming and to work with such talented teachers! As with any class or service we provide, we will deliver a first class program that families have come to enjoy with these top notch educators from District 34.

Attached, you will find the summer 2018 program offerings. Registration will begin on March 1<sup>st</sup>. Parents can register online or in person. The Glenview Park District website is [www.glenviewparks.org](http://www.glenviewparks.org). Parents can also register in person at the front desk at Park Center (2400 Chestnut Ave).

If you have any questions regarding this programming, please contact Ann Marie Shipstad, at 224- 521-2558, or through email at [Annmarie.shipstad@glenviewparks.org](mailto:Annmarie.shipstad@glenviewparks.org).

Thank you and we look forward to a great summer with your students!

Please keep in mind that the grade levels for each program reflects the grade level your child *will have completed at the end of the current school year*. So if your child is in 4<sup>th</sup> grade now, you will register for the 4<sup>th</sup> grade level.

## **Arts & Writing (Performing/ Visual/ Crafts)**

### **Create a Character and Become the Star!**

Do you love theatre? Are you interested in being cast in a main role vs just being part of an ensemble? Then this class is for you! Instructor Kristin Cone will use a physical based theatre technique to help students stand out at auditions with confidence and be able to transform into any character. Students will explore characters, different settings, create dialogue and work on a final performance piece.

Cost: \$325/ \$400  
 Instructor: Kristin Cone  
 Grades: Grades 3-7 (Ages 9-13)  
 Times/ Days: 10:25-12:10pm, Monday through Friday

### **Screenwriting**

Do you dream of writing the next great movie script? In this class, instructor Kathy Morley will teach students how to create a story (plot, character, setting, etc.) for the screen using proper screenwriting formats and techniques. This class is a great way to strengthen narrative writing (and reading) skills while using a new creative outlet.

Cost: \$325/ \$400

### **Hooked on Crochet**

Come explore a fun, new hobby this summer; Crochet! Crochet is something you can proudly work on alone or with friends and there are projects for everyone! Students can expect to learn five basic crochet stitches, which can be applied to create key chains, scarves, blankets and more. Instructor Kristi Miller will provide plenty of side-by-side guidance and will introduce a new stitch or 'pattern reading' most days and students will have the remainder of class to choose what practice on individually. Returning students can refine stitches, and work on advanced projects.

## **Math**

### **Math Madness**

This course is for anyone interested in exploring mathematics in ways that don't often occur in classrooms! We will look at the math history behind secret messages and codes, learn about the Pythagorean Theorem and use it to solve challenges, discover the Fibonacci sequence and Golden Ratio, investigate how scientists use math, and explore percentages! Students will also study geometry through hands-on explorations. This is the perfect class for students looking to extend, enrich or strengthen their math skills!

Cost: \$325/ \$400  
Instructor: Cecilia Biller  
Grades: 3-7 (Ages 9-13)  
Times/ Days: 8:30-10:15am or 10:25-12:10pm, Monday through Friday  
Location: Attea

### **Hands-On Algebra**

If algebra is something you are new to, or you want to experience it in a whole new way, then this class is for you! We will use the Hands-On Equations programs to learn how to solve equations; from basic one-step equations, up to multi-step linear equations you would see in 7th grade. As we learn how to solve equations, we will also explore hands-on activities that involve algebra in the real world. By the end of the class, you will feel like an algebra master! (Please note: this class will focus on beginning and intermediate algebra, not reaching concepts such as quadratics or systems of equations.)

Cost: \$325/ \$400  
Instructor: Cecilia Biller

## **Social Studies/ Languages/ Gaming**

### **Around the World in 5 Weeks**

In this fantastic class, students will learn more about countries around the world. It will be like a summer vacation without leaving Glenview! Students will be "traveling" around the world with instructor Sara Mocogni; exploring countries in Asia, Africa, North America, Europe, and South America. There will be food samples from around the world and students will get to create a project on their favorite country. Everyone is welcome, so come travel with us!

Cost: \$325/ \$400

### **Board Game Geeking**

This is the golden age of board games and instructor Jason Kieronski knows them all! From party games, card games, strategy games to cooperative games, we will learn and play all the top titles, such as *Five Tribes*, *Pandemic*, *7 Wonders*, *Downforce* and *Sushi Go!* The educational take away for students is that playing board games improves one's forward thinking skills, creative problem solving ability and improves social communication. Also, they are just plain fun for the sake of having fun! Join us this summer!
