Splashing, stretching, twisting, even shouting, laughing, hooting and hollering are often heard during an Aqua Zumba class. Aqua Zumba blends it all together into a safe, challenging, water-based workout that's cardio-conditioning, body-toning, and most of all, exhilarating beyond belief.

Deep H2O: Aqua Joggers, noodles or suspension make this a challenging water workout.

Pool-ates Intervals: Take the core training of Pilates on land and put it in the water! Add aerobic intervals to keep the heart rate up between core exercises and you've got a total workout designed to burn calories, tone, and strengthen your core.

Warm H2O Stretch*: This warm water class is designed, but not limited to people with arthritis, limited range of motion or those looking for post-rehabilitation. Can also be used for post-recovery workout stretches.
