The District achieved a debt service savings of \$497,365 (in today's dollars, the present value savings is \$445,709). Both bond issues came in with lower interest rates than the 1.97% originally projected which resulted in higher savings. The net present value savings of both issues is \$808,611.

**Presentation of  
2012 Community Service Award to  
Robin Hinrichs**

Robin Hinrichs name has been synonymous with the Glenview Blades Synchronized Skating Program at our Glenview Ice Center in recent years. She has always been a leader actively involved in the promotion of this sport for young figure skaters in Glenview and the surrounding area.

Robin has served for the last two years as the Chairman of the Glenview Blades Parent Board and has remained dedicated and committed to the Glenview Blades organization. Her volunteer efforts and service to both the families of the Glenview Blades members and the Glenview Ice Center has been noteworthy. Robin always puts the welfare of the youth involved in the program first!

During the last two years Robin has helped spearhead a smooth and thoughtful transition for the team members and their families when staff was faced with finding qualified, skilled coaches to replace some of the Blades Coaching staff who left their positions at GIC. This was a challenging time for staff, skaters and their families as everyone was unsure of the Blades Teams future. Throughout this time, Robin remained confident and focused on the common goal of assisting and working with staff and other parents in continuing to do what was necessary to keep and evolve a great USFS synchronized skating program at the Glenview Ice Center.

Robin has been an inspiration to all of the staff she has worked with and continues to volunteer a great deal of her time to plan and participate in several skating and Blades family events. Throughout it all Robin's cheerful and supportive attitude has helped everyone, parents, youth and staff enjoy the success of the program. Staff sincerely appreciates her motivation and willingness to always get involved and be a team player.

Robin has two children, Michael and Katherine, who are twins. Both are freshman at GBS. Katherine has been skating for 8 years in our figure skating program. She is an individual competitive skater and continues her skating education by working on; moves in the field, ice dancing and synchronized skating.

The Glenview Ice Center, Park District and Board would like to express their deep appreciation for the leadership Robin has demonstrated and continues to demonstrate in the Glenview Blades organization.

And so, it is my pleasure, on behalf of the Illinois Association of Park Districts, the Illinois Park and Recreation Association and the Glenview Park District to present Robin Hinrichs with this recognition and the 2012 Community Service Award.
