Q & A GUIDE

WHO CAN ACCESS THE GLENVIEW PARK DISTRICT WI-FI?

Anyone with a laptop, notebook computer or a smart phone with a standard Internet browser and a Wi-Fi compliant wireless Ethernet card. Some newer computers may have built-in wireless capability. Mac users who have a compatible wireless card and appropriate software can also access the network. **No membership or registration with the Glenview Park District is required.**

Each time you sign on to the Glenview Park District Wi-Fi network, you will be required to read and agree to the terms of use before access to the network is allowed.

WHERE CAN I ACCESS THE GLENVIEW PARK DISTRICT WI-FI?

Access is currently available at **Park Center, Glenview Ice Center, Glenview Park Golf Club, Glenview Tennis Club** and **Wagner Farm.**

At Park Center, the front lobby, the concession area & the seating area on the second floor overlooking the pools are the areas most conducive for public use. Wi-Fi access is also available in some classroom areas for use during room rentals.

At the Glenview Ice Center, the lobby, the second floor open space and the bleachers in both the studio rink and main rink are the areas most conducive for public use.

At the Glenview Park Golf Club, WiFi areas most conducive for public use are The Cafe, ProShop, porch and patio areas.

The lower and upper lounge areas of the Glenview Tennis Club are areas most conducive for public use of the network as well.

IS THE NETWORK SECURE?

No network is 100% secure. This is an open public access network line. You should always be sure that you are on a SSL encrypted web page before sending or receiving any confidential information.

HOW DO I KNOW IF I AM ON A SSL ENCRYPTED WEB PAGE?

- Check the web page URL (web page address). Addresses beginning with HTTPS indicate a secure site.

- Check for the lock icon on the web browser. Click on the icon to get details about the site's security.

HOW DO I SIGN-ON TO THE NETWORK?

Just launch your browser (Internet Explorer, Firefox etc).

I TRIED TO ACCESS A CERTAIN WEBSITE BUT I CAN NOT GAIN ACCESS—WHAT'S WRONG?

The Glenview Park District Wi-Fi network utilizes web-filtering software for the safety of our patrons.
