Classification of Recognized Organizations

As adopted by the Glenview Park Board of Commissioners on August 10, 1978 and revised on February 20, 2003 and December 17, 2009

Purpose: To establish and categorize the various levels of recognition the Board of Park Commissioners may choose to assign an organization in order to define potential levels of district support and cooperation.

Background: Throughout its existence, the Glenview Park District has believed that it is of benefit to the community to work with outside groups in the provision of various services to the residents of the district. Such services vary widely from competitive or travel sports to local clubs, charitable and service organizations, special interest groups, and branches of regional or national organizations. The level of recognition for these groups has varied from a simple designation which provided reduced fees and early access to facility reservations, to comprehensive partnerships such as with youth sports groups who rely on significant facility access as well as staff support in the manner of land acquisition, field development and day to day maintenance. The consistent thread throughout the district's practices has been that the organization must bring value to the community and be a not-for-profit group.

Categories of Recognition

A. Associate Group: An associate group will have access to early reservation opportunities and reduced rental fees (per individual facility policy as noted in annual recommendation documents). Groups must meet the following criteria for Associate level recognition.

1. Have a defined membership with at least 50% +1 of its membership residing within the corporate limits of the Glenview Park District.
2. Be a 501 (c) 3 charitable organization or other Section 501 (c) organization or possess a non-profit charter from a recognized regional or national organization.

B. C. Affiliate Sports Organization: An affiliate sports organization will enjoy all of the benefits of an associate group. In addition, the district may choose to assign a staff person to the organization to serve as a liaison. The district will also provide affiliate sports organizations with athletic facilities and support services such as field maintenance to support affiliate activities at a fee set annually. The District will generally recognize only one organization per specific sport and level of play. Sports organizations must meet the following criteria for affiliate level recognition.

11. Each affiliate sports organization shall contribute to the maintenance of sports fields through an "Annual Per-Player Fee". This fee will be set annually by the Park District and will be used to partially offset the cost of maintenance projects related directly to sports fields used by the various sports groups. This fee will not apply to any organization that does not use outdoor field space. Each organization will be responsible for paying the fee based on the number of children participating in their program annually. Children participating in more than one season for a particular organization will count as one participant.

12. The Park District will provide an annual accounting of funds expended for field maintenance to each organization. Guidelines for this report will be developed and shared with all organizations paying the fee to provide a clear understanding of the program's goals and objectives.

13. Criminal background checks must be performed annually on all Board members and volunteers who have direct contact with children. Specific volunteer positions included in this requirement include coaches, assistant coaches, trainers and instructors. All affiliate sports organizations must adhere to the same standard as required of the Park District (by state law) in determining whether a person would be banned from a paid or volunteer position. (See guidelines attached)

D. Certified Support Group: A certified support group may be organized to provide additional program services to park district activities. These services may include volunteerism, fundraising and/or providing program enhancements (such as, but not limited to tournaments, competitions, uniforms, participant parties, equipment, supplies etc...) not covered by the base program fee.
