Cancellations
Whenever School District 34 cancels school because of inclement weather, the farm will also be closed. Teachers will not be notified personally that the program was cancelled, however teachers may call 847-657-1506 to reschedule the trip based on availability. We would appreciate at least a 48-hour notice should the school need to cancel the program.

How to dress
Please have students properly dressed for possible inclement weather. Because many of the activities are held outdoors, it is best to wear suitable clothing and closed-toe shoes.

Heritage Center and Museum Store
Please allow extra time to stop by our museum to explore our many exhibits and to pick up a nostalgic souvenir of your visit.

The Beginning…
Step back in time with your students to a slice of rural American history—one they will never forget—with a trip to the Historic Wagner Farm, one of the last working dairy farms in the area. A visit to the Historic Wagner Farm is not a trip to a petting zoo. It is an opportunity to see and participate in the daily activities of a real working farm. Our active teaching methods and hands-on activities encourage students to discover the connections between producer and consumer and the past to the present.

Field trips are available for preschool through eighth grade and meet Illinois state and Common Core State Standards.
