## Pool Closures

The Aquatic Supervisors or the Assistant Director of Recreation and Aquatic Services may close the pools under the following conditions:

- If the facility is required to close, pool staff will update the Rainout Line and designated social media outlets.
- Opening and closing of the facility is subject to prevailing weather conditions, including cold weather, electrical storms, strong winds and heavy rains. The facility will close if the air temperature drops below 69 degrees (*exception: private rental groups will have the option to cancel or continue with their rental if a closure of this nature occurs*). If lightning and/or thunder is in the area and/or the Strike Guard Lightning Detection System issues a warning, the pool deck will be cleared and will not reopen until an all clear siren (*3 short blasts*) is heard. - The facility will close if there are consistently less than 35 guests present after 1pm.
- If the facility is closed for any reason prior to 4pm, the conditions will be reevaluated at 4 pm to determine whether the facility will reopen for its twilight hours (*beginning at 5 pm*). If the closure occurs after 4pm, the pool will close for the remainder of the day.
