Renovation Update (2/3/20)
Warmer than usual December and early January weather allowed for great progress on our parking lot, exterior walls, stair installations, and the start of roofing. Our construction team set up a large crane to put in place over 10 tons of equipment, including an air dry cooler on top of the building. A refrigeration skid for the mechanical room was lowered inside. We also completed the foundation pour in the Great Hall and the second floor as well as put in place framework and foundation work for the spectator seating over our old Main Rink and new NHL Rink. Masonry walls continue to go up inside the building. What was once two long, open spaces underneath our spectator seating sections have been divided into new team rooms. We remain on schedule to open at least one NHL sheet of ice in June 2020 to bring our figure skating programs home!

We have successfully negotiated reciprocal resident rate agreements with Winnetka Ice Arena and Wilmette Centennial Ice Rink.
