Glenview Park District COVID-19 Community Update

3/12/20 – In conjunction with the Glenview/Northbrook Coronavirus Task Force, the Glenview Park District is continuing to monitor the rapidly evolving COVID-19 (Coronavirus) situation. As always, the health and safety of our community is a top priority at the District. As of today, there are no reports of COVID-19 exposure or illness at our District.

After evaluating our day-to-day activities especially those that affect people at high risk of COVID-19, we are implementing precautionary steps to control the spread. We made the decision to close and/or cancel the list of facilities, programs and events listed below effective Friday, March 13 through Sunday, April 5.

- The East Wing Glenview Senior Center will be closed through **Sunday, April 5**
- Wiggles and Giggles at Park Center Health & Fitness will be closed through **Sunday, April 5**
- Eggstravaganza at Park Center on **Saturday, April 4 at 10 a.m.** has been cancelled
- All Park District programs hosted at Glenview and Northbrook school districts will be cancelled through **Sunday, April 5**

If you were registered in a cancelled program, you will receive a credit for programs that haven’t started and a pro-rated credit for programs affected by this closure.

**Rentals**
We will not be scheduling any new rental reservations at Park District buildings during this time period. All existing secured rentals at Redfield Estate and at any Park District fieldhouse will be held. Lakeview Room rentals are being evaluated and Park District staff will contact those renters.

This is a rapidly evolving situation and we will further evaluate whether or not we will extend the duration of the closures and/or the number of cancellations. As additional information becomes available, we will share it via email with you and post all communications on our [Park District website](#).

For your convenience and additional precaution, we encourage our patrons to use our online registration system.

Please do your part to slow the spread of COVID-19 by social distancing. We encourage you to continue every day practices to stay healthy:

- Cover your mouth with a tissue when coughing or sneezing or by coughing into the inside of the elbow. Throw the tissue in the trash after you use it.
- Wash hands often, especially before eating and after contact with public surfaces. Wash with soap or alcohol-based hand cleaners for at least 20 seconds.
- Avoid touching your eyes, nose and mouth with unwashed hands.
- Avoid close contact with people who are sick.
- People who are sick should stay home and avoid contact with others until they are well.
- See your doctor if you have a fever, cough, body aches or fatigue.

You can find each agency’s information about COVID-19 at the following websites or by calling the Illinois Department of Public Health (IDPH) hotline at 708-633-4000, press 3 or the Illinois Novel Coronavirus Hotline at 800-889-3931.

Centers for Disease (CDC)
Illinois Department of Public Health (IDPH)
Cook County Public Health

Thank you for your continued partnership as we work together to look out for each other and keep our community safe.

Michael McCarty, Executive Director
Glenview Park District
